## Game Story:

**Cannon Shooter-Clash for Love** is a free shooting game where your heroine is cursed by the Evil King of other universe and you have to fight against his evil power to protect your girlfriend. You were enjoying your holidays with your girlfriend and decided to have a trip in your personal UFO. Somehow you entered into a new world and disturbed the 100 years meditation of the King of that universe. He got furious, cursed your girlfriend and sentenced to death. Now show your shooting skill to beat his evil power and save the girl.

**Price: Free, Offers in app-purchases.**

**Content Rating: Everyone**

**Release Date : 15.07.2015**

## **Pros and Cons :**

### **Pros**

- Super gameplay with excellent HD graphics.
- 40 several levels and much more challenging rather than other games.
- Marvelous sound quality and easy to control.
- Several options for you to choose your preferable weapon on the basis of some terms and conditions.

### **Cons**

- Minor: Can be slightly overwhelming initially but there is a well guided tour.

## **Features:**

*Cannon Shooter-Clash for Love* is arcade shooting game where you need to beat your enemy. As the Evil King cursed your girlfriend and cast a spell on her. She was stuck in a magical shell of water. There was cloud over her and it was raining all the times. What you need to do is that you have to shoot the cloud avoiding the floating obstacles and you'll get only three chances in each level. If you succeed in shooting that will win you the level and you'll be able to save your girlfriend from sinking down the water.

The more bullets you'll use for a successful shoot the more star will be added to your name. The less time you'll use to make it happened will cost you more points. There will be some obstacles floating in the air before you. They will be flying and moving frequently to disrupt your concentration towards the target. You've to avoid them and make the bull's eye to the cloud. If you hit them then your bullet will bounce back and sometimes may lose the proper direction. So you must be cautious about this.

The beginning levels will be easier but with your improve to next level it'll only get tougher. You must be sharp enough to control your gun. You need to tap on the target and the time you'll hold on it will force the bullet with more power. Unfortunately if you leave early then it'll be a miss hit and will result in nothing.

You can choose your desired weapon. But there will be only one free for you. Others can be chosen on the basis of some terms and conditions. You can get a pistol if you log in with your Facebook id from the device. Else you can buy others purchasing the required amount or you can get them obtaining required points. If you hit the cloud on very first shoot then you'll get 3 stars for it and sequentially 2 for the second and 1 for the third shoot.

As you're a stranger in this universe and unintentionally redirected towards this universe it was not a big problem about your unawareness of the rules of this planet. So unintentionally your appearance disrupted

the 100 years' long meditation of the King. He got furious for the disturbance although he could be kind enough to grant your appology and could show mercy on you. But he didn't do that and decided to punish you with his evil power. Now you have to battle hard to rescue your girlfriend from his black magical spell. Play the game, feel the heat of love and experience the thrilling challenges of it.
